## ABOUT US

### **EXTENSIVE EXPERIENCE**

---

Founded in 2005, MTD Plumbing offers extensive experience in all aspects of commercial, industrial and residential plumbing and roofing. Providing a diverse range of services, developed as a result of client demand for innovative and cost effective solutions, we seek to develop long term relationships with our clients and focus on delivering a professional approach with attention to detail. Since our inception we have earned a reputation that ensures our clients expectations are not only met, but exceeded.

#### **A WORD FROM THE DIRECTOR**

I started MTD Plumbing as a one-man business. Since then, with the support of a great team, we have grown to become a reputable and trusted plumbing and hydraulic contracting business – consisting of project managers, tradesmen, apprentices and full time administrative staff. This extensive team enables us to deliver on multiple, concurrent projects.

We work with established and well respected small to medium sized construction companies in both the domestic and commercial sectors and we have strong relationships with our many maintenance contracts. Continually providing a high quality, professional service, we have been successful in securing ongoing projects as a preferred contractor with a number of reputable companies.

I welcome your enquiry and look forward to talking with you soon.

Mitch Darlington  
Director, MTD Plumbing

## OUR SERVICES

# HIGHEST QUALITY PLUMBING AND ROOFING

---

### MAINTENANCE

We provide a maintenance division for on-going clients including strata and real estate agencies and insurance companies. Our skilled maintenance contractors are true professionals dedicated to keeping our clients and their homes or businesses operating effectively, efficiently and continuously.

### COMMERCIAL

We have been involved in many commercial contracts including the fit out and renovations of Kmart throughout NSW & VIC, Myer Macquarie over four stages, Aldi Supermarkets and commercial office's in Sydney CBD.

### RESIDENTIAL

We work in high end projects throughout Sydney that require a superior level of finish and attention to detail, this is what we pride ourselves on. We have formed long term relationships with most of our clients ensuring their expectations are exceeded each time.

### INDUSTRIAL

We have undertaken several contracts on new industrial developments for storage facilities and continue to do on-going maintenance work for a number of industrial premises.

---
